MEMORANDUM FOR THE RECORD

SUBJECT: Senior Staff Meeting - 7 February 1963

DCI not present.

1. [REDACTED] referred to recent comment relative to the evacuation replacement of Soviet Air Defense personnel from Cuba. While this can be normal rotation, it might be an indication of further troop removal.
2. TASS had renewed feelers relative to possible Russian acceptance of the Nuclear Test Ban Treaty indicating that the Soviets might agree to as many as four inspections per year.
3. It was reported that the DCI was most unhappy with the Special Group papers prepared for this week's meeting. They were too long and did not contain clear recommendations for action. DD/R not involved, fortunately, but this should be used as a guideline in preparing action papers for the Special Group. [REDACTED] OSA (please note).
4. Present plans call for the DCI's departure for [REDACTED] this Saturday noon. Any briefing items should be forwarded through the DD/R promptly.
